## TRS Financial Facts *(Source: TRS ACFR, as of Aug. 31, 2025, except where noted)*

- TRS' pension trust fund is the **sixth largest public pension fund** in the U.S. as defined by assets under management (excluding the Federal Thrift), according to [Pensions & Investments](#) magazine's annual survey of the top 1,000 Funds (updated each February).
- At present, the TRS pension trust fund does not meet the statutory definition for actuarial soundness (funding period less than 31 years). TRS' pension trust fund has a funding period of 35 years, a funded ratio of 77% and an unfunded liability of \$64.9 billion.
- **Benefit Enhancements:** With the pension fund actuarially sound in 2023, the Texas Legislature [passed laws in the 88<sup>th</sup> Regular Session](#) allowing for a cost-of-living adjustment (COLA) and a stipend for eligible annuitants.

## Investments

- The investment value of the TRS Trust was \$225.3 billion as of Aug. 31, 2025. This is a net increase of \$15.8 billion over the year before after contributions and benefit payouts.
- **Investment Returns:** For the 12 months ending Aug. 31, 2025, the pension trust fund delivered investment returns of 9.77%. This is 1.45% above the fund's benchmark. For the three-, five- and 10-year periods, TRS' exceeded the [7% long-term assumed actuarial rate of return](#).
