

TRS Summary of Proposed Rule

Rule 25.21 - Compensation Subject to Deposit and Credit

TRS proposes to amend Rule 25.21 to align with changes made by House Bill 2 (HB2), which now designates compensation paid from the **Teacher Retention Allotment (TRA)** and **Support Staff Retention Allotment (SSRA)** as **creditable compensation**. This ensures that any increases in pay funded through these allotments are recognized for TRS retirement benefit calculations, regardless of how districts distribute the funds.
