Professional and Statutory Requirements

This document provides the *Fiscal Year 2024 Audit Plan* (Audit Plan) as required by professional auditing standards, the *Texas Internal Auditing Act* (Act), and *Texas Government Code 2102.008* for the Teacher Retirement System of Texas (TRS). The Act requires state agencies to conduct a program of internal auditing that includes an annual audit plan that is prepared using risk assessment techniques and identifies individual audit projects to be conducted during the year. The Audit Plan is required to be evaluated and updated annually for recommendation of approval by the TRS Audit, Compliance and Ethics Committee of the Board of Trustees (ACE Committee) to the TRS Board of Trustees (Board). Internal Audit is independent of management and provides objective assurance and consulting services designed to add value and improve TRS operations.

Audit Plan Development and Scope

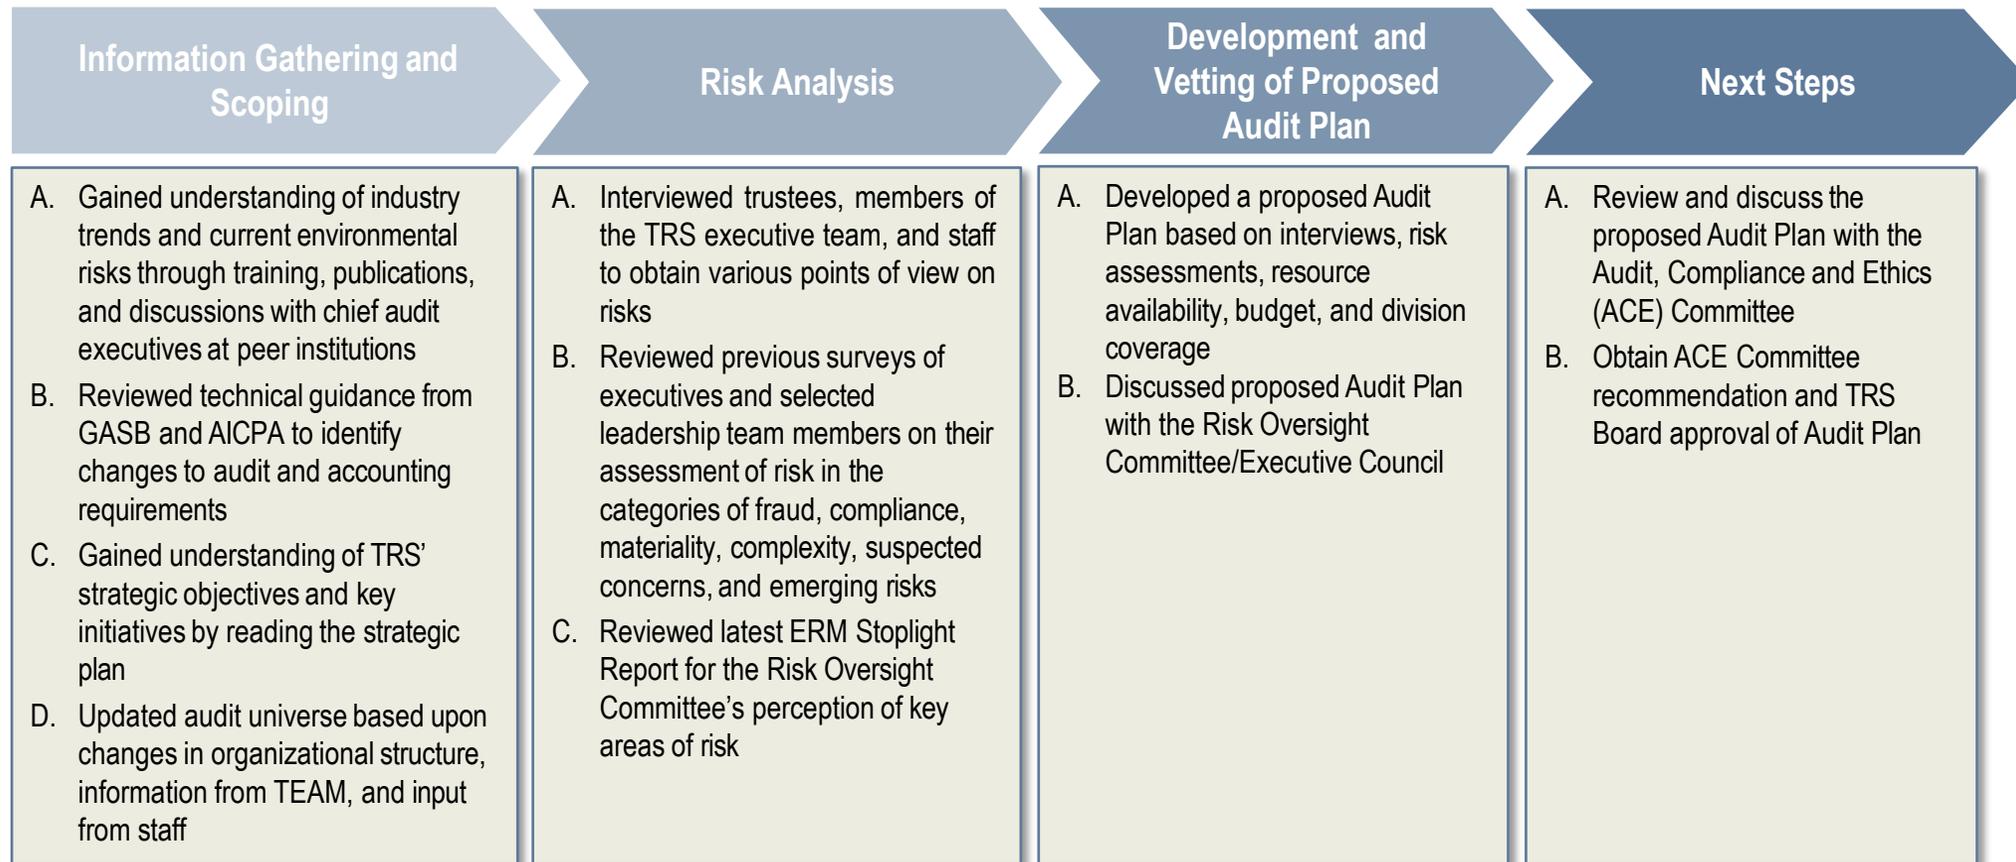

Our Audit Plan is designed to provide coverage of key risks, given the existing staff and approved budget. See the **Appendices** for information regarding the internal audit budget and audit plan mapped to the TRS Risk Assessment.

Changes Subsequent to Approval

Interim changes to the Audit Plan will occur from time to time due to changes in business risks, timing of TRS initiatives, and staff availability. We will report Audit Plan changes to executive management and present changes to the ACE Committee at the next quarterly ACE Committee meeting. Amendments to the approved Audit Plan deemed to be significant (based on discussions with the Executive Director and ACE Committee Chair) will be submitted to the ACE Committee for recommendation to the Board for approval. We will also notify the State Auditor's Office of material changes to the Audit Plan.

Risk Assessment & Audit Planning Approach

Internal Audit identified areas of risk and potential Internal Audit projects from: interviews of TRS trustees, executives and staff, the current TRS Risk Assessment developed by the Enterprise Risk Management (ERM) team and risk assessment surveys from prior years. This information was combined into an overall audit plan designed to address critical risks to achieving TRS objectives while being sensitive to operational requirements. The Audit Plan also includes hours for ad hoc projects and special requests. The following approach was taken in creating the Audit Plan:

Types of Projects to Cover Risk Areas

An important part of the Audit Plan is that the identified processes, systems, and initiatives should receive differing types and levels of review based on their importance, perceived risk, and most efficient approach. Our suggested levels of review activities are as follows:

Audit

- Audit Focus: Assess evidence available in order to provide assurance on an audit objective
- Deliverable: Audit report for public distribution unless protected by statute
- Estimated level of effort per project: 600 – 1,600 hours

Agreed-Upon Procedures

- Agreed-Upon Procedures Focus: Determine specific steps to test with management's agreement and report on results; used for data analytics and quarterly testing of specific data and transactions
- Deliverable: Agreed-upon procedures report for public distribution (use is limited to those with understanding of procedures performed)
- Estimated level of effort per project: 100 - 600 hours

Formal Consulting

- Consulting Focus: Respond to requests for formal study or assessment with recommendations; no assurance provided
- Deliverable: Consulting report or memo for limited distribution; significant material weaknesses identified would be reported to executive management and the Audit Committee as required by professional auditing standards
- Estimated level of effort per project: 100 - 600 hours

Informal Consulting (Advisory)

- Advisory Focus: Participate in activities in a non-voting capacity, e.g., provide training and input on policies and procedures
- Deliverable: Verbal discussion or a brief memo to management
- Estimated level of effort per year: 10 – 100 hours

Appendix C: Audit Universe Mapped to TRS Risk Assessment

#	TRS Risk Level	TRS Risk Category	TRS Goal	TRS-Assessed Overall Risk	Planned Approach	Project Type
1	Elevated	Cybersecurity	To prevent malicious attacks and unauthorized access of TRS information resources.	Ineffective cyber threat controls could lead to breaches or sabotage of TRS systems.	Penetration Testing; Vulnerability Remediation & Patch Management; Cybersecurity Incident Response Program; Data Loss Prevention	Audits
2	Elevated	Records & Information Management (RIM)	Manage the organization, retention and disposition of TRS information and records with adherence to laws, rules, policies and best practices.	An ineffective records and information management program results in wasted resources; and does not protect, preserve, retain, dispose, or make records accessible in an accountable or transparent manner.	None. RIM was audited in FY2022. Internal Audit to perform follow-up review of RIM around 2026.	N/A
3	Elevated	Procurement & Contracts	Maintain effective procurement and contract management systems. Inappropriate procurement practices could result in purchases of substandard products and services, unfavorable pricing or contract terms, and violation of laws, ineffective contract management could result in contractors not fulfilling their contractual obligations.	Inappropriate procurement practices could result in purchases of substandard products and services, unfavorable pricing or contract terms, and violation of laws, ineffective contract management could result in contractors not fulfilling their contractual obligations.	Review of IMD Contract Oversight Follow-up on implementation of FY2021 Procurement Audit. Follow-up on implementation of HD contract oversight audit.	Audits
4	Elevated	Enterprise Information Systems	Provide information systems to meet TRS' business and customer service needs.	Inability to provide adequate and consistent information in a timely fashion via the preferred delivery mechanism.	Audit; EPOC and other committee participation, IT risk assessment.	Audit; Advisory
5	Elevated	TRS-ActiveCare Affordability	Facilitate financial soundness of TRS-ActiveCare in order to provide affordable health care benefits.	Inadequate funding by the state and participating entities and/or unanticipated external forces could affect affordability.	Audit of Insulin cost sharing; Pharmacy rebate audit participation.	Audit; Advisory
6	Elevated	Talent Continuity	Attract, retain and develop a highly competent staff.	The delivery of member services and pension fund management could be negatively impacted by turnover, the inability to retain qualified staff, lack of a sufficient knowledge transfer program, and an inconsistent performance management process.	Review of Talent Continuity.	Audit
7	Caution	Pension Funding	Sustain a financially sound pension trust fund.	A lack of sound funding for the plan could lead to insufficient assets to pay for long-term benefits and financial obligations.	Data analytics of employer contributions.	Audits
8	Caution	Data Privacy & Confidentiality	Maintain the integrity, availability, and protection in the storage, use, and transfer of TRS information resources (in any form or medium).	Unauthorized or unintentional release/access of TRS confidential information could result in state or federal law violations, sanctions against TRS or its employees, and harm the best interests of TRS.	Audit of Data Loss Prevention; IT Risk Assessment.	Audits and Consulting
9	Caution	Health Care Plans Administration	Administer retiree and active member health care programs that are valued by enrollees.	Inadequate administration of the health care programs could possibly affect the quality of health care services provided to those who depend on the delivery of TRS health care benefits which would in turn increase health care costs.	Healthcare Claims Data Analysis, Pharmacy Rebate Audit Support.	Audits; Advisory

Appendix C: Audit Universe Mapped to TRS Risk Assessment (continued)

#	TRS Risk Level	TRS Risk Category	TRS Goal	TRS-Assessed Overall Risk	Planned Approach	Project Type
10	Caution	Communications & External Relations	Maintain effective communication and positive relations with members, retirees, employers, TRS employees, news media, and the public.	Poor communication could lead to confusion resulting in increased calls to TRS, poor or inappropriate decision-making regarding TRS benefits, and incorrect information provided to external parties.	None.	N/A
11	Caution	Business Continuity	Recover and resume operations in the event of a major business interruption.	Members do not receive statutorily required services timely.	Observation of offsite BCP tests.	Advisory
12	Guarded	Employer Reporting	Accurately capture and utilize employer reported data to project and calculate future benefits of TRS members and to properly allocate the total pension liability across districts.	Incorrect reporting could lead to calculated benefits being inaccurate; Improperly allocating actuarial liability across districts.	Continuous audits of RE data for completeness, integrity and accuracy; data analysis of TRS-Care surcharges.	Audits
13	Guarded	Pension Benefit Services	Deliver accurate benefits and superior service to TRS participants and stakeholders.	Inadequate delivery of benefits or customer service could lead to inaccurate information or benefits/payments, dissatisfied participants, loss of credibility, adverse public perception, increased scrutiny, and oversight.	Benefit testing for SAO ACFR audit.	Audit
14	Guarded	TEAM Program	Implement cost effective, efficient, and sustainable processes and systems that enable TRS to serve its members, employers, and annuitants.	System design, implementation and functionality of the new processes and systems do not meet the growing demands of TRS in service of its members. Program/project implementation schedule and cost exceeds original estimates.	IPA vendor coordination, EPOC and other committee participation.	Independent Program Assessment; Advisory
15	Guarded	Facilities Management & Planning	<p>Successfully complete a generational solution for housing all of TRS.</p> <p>Provide a physical work environment that is safe and enhances productivity.</p>	<p>Due to constraints, TRS is unable to execute the long-term facilities plan.</p> <p>Inadequate facilities management or ineffective space utilization could result in less than desirable conditions for TRS members, visitors, and staff and could jeopardize our ability to continue providing an exemplary level of service to our members.</p>	<p>None. Management is in the process of implementing the TRS Headquarters Project, following Board approval.</p> <p>Area will not be ready for an audit for at least another 3 years.</p>	N/A
16	Guarded	Regulatory, Compliance, & Litigation	Adhere to and analyze current laws, rules, and policies (e.g., maintain tax qualification status); Render competent advice on legal risk management and awareness, manage litigation risks, and negotiate contracts to address risks.	Non-compliance with laws and rules could lead to penalties, fines, liability and litigation; impaired ability to conduct business; burdensome oversight; third-party investigations/audits; adverse legislation; increased scrutiny; or loss of tax qualification status.	As much as possible, include compliance as part of scope of Internal Audit projects.	Audits, Advisory

Appendix C: Audit Universe Mapped to TRS Risk Assessment (continued)

#	TRS Risk Level	TRS Risk Category	TRS Goal	TRS-Assessed Overall Risk	Planned Approach	Project Type
17	Guarded	Open Government/ Association Relations & Legislation	Ensure compliance with laws and rules related to open records and meetings. Maintain effective communications and positive relations with the Legislature, associations, and other public parties.	Non-compliance could lead to penalties and fines or voiding of board actions. Poor communications could lead to adverse relations, unfavorable legislation, and restricted funding.	None. Quarterly SAO update meetings.	N/A Advisory
18	Guarded	Ethics & Fraud Prevention	Maintain a culture that upholds ethical behavior and values that contribute and promote the fiduciary duties of prudence and loyalty and reduces fraud risks.	A lack of ethics could undermine the duties of prudence and loyalty and create fraud risks resulting in loss of assets, credibility, and business opportunities, adverse publicity, violations of law, and increased scrutiny and oversight.	Hotline triage team participation.	Advisory
19	Guarded	Legislative Implementation	Implement the Sunset management recommendations and legislation that was adopted by the 87 th Legislature.	Not implementing legislation in a timely manner.	None.	N/A
20	Guarded	Global Operations	Ensure successful operation of TRS business around the world.	Failure to anticipate and/or mitigate risk could negatively impact TRS personnel, assets and business opportunities globally. Should TRS pursue a foreign office, any implementation plan would address the evolving global presence and world events, as well as the resolution of any conflicts between state, U.S. and foreign laws and regulations.	None.	N/A
21	Low	Budget	Ensure TRS has appropriate budget to provide and sustain resources necessary to successfully carry out TRS' mission, goals, and objectives to serve our members.	Lack of a sufficient operating budget could jeopardize our ability to effectively serve our members.	Attend FTE Committee meetings.	Advisory
22	Low	TRS-Care Funding	Facilitate long-term soundness of TRS-Care in order to provide sustainable retiree health care benefits.	Inadequate funding and/or unanticipated external forces would affect solvency of the program over the current biennium and future years, requiring significant premium increases or benefit reductions.	Data analytics of TRS-Care surcharges; Pharmacy claims data analysis.	Audits; Consulting; Advisory
23	Low	Market	Maintain market risk exposures consistent with investment objectives.	Too little or too much exposure to market risk could each lead to undesirable investment outcomes.	None.	N/A
