323 Teacher Retirement System

August 10, 2018

Ms. Ursula Parks, Director
Legislative Budget Board

Ms. Sarah Hicks, Director
Governor's Office, Budget Division

Dear Ms. Parks and Ms. Hicks:

We are pleased to submit the legislative appropriations request (LAR) for the Teacher Retirement System (TRS) for the FY 2020-21 biennium. This request primarily represents funding needs for two programs that receive contributions from the state: the Teacher Retirement Pension Trust Fund and TRS-Care, the Retired Public School Employees Group Insurance Program.

This LAR also includes a request for appropriations for the administrative operations of TRS. Section 825.312 of the Texas Government Code provides that the retirement system shall pay from the expense account of the retirement system all administrative expenses of the retirement system. Previous legislatures have chosen to fund TRS administrative operations from the Teacher Retirement Pension Trust Fund, and the accompanying request continues that practice.

Total requested general revenue and general revenue-related funding for the FY 2020-21 biennium including exceptional items is \$7.1 billion.

By comparison, TRS will pay out in excess of \$26 billion in retiree benefit and health care payments to more than 400,000 retirement recipients and many health care providers, primarily in the State of Texas, over the same time period. An economic analysis from 2017 concluded that TRS annuity payments alone will generate an additional \$1.3 billion in annual tax revenues for both the state and local governments and will support approximately 131,000 permanent jobs in Texas.

The average TRS annuitant receives \$2,060 monthly with 31% of retirees receiving less than \$1,000 per month. Currently, around 95% of public education employees are not covered by Social Security. For the majority of Texas educators, a TRS annuity is their only source of consistent retirement income.

According to the policy letter dated June 22, 2018, along with information provided by your staff, the baseline request uses the current state contribution rate of 6.8% for the Pension Trust Fund and incorporates projected covered salary growth of 3.0% per year. Also, the baseline request for TRS-Care is calculated at a contribution rate of 1.25% per year including projected covered salary growth of 3.0% per year.

Teacher Retirement Pension Trust Fund

TRS is currently the 13th largest pension fund in the world and is actively managed by a team of investment professionals whose long term, risk-adjusted returns have exceeded the benchmark by 0.3% over the past 20 years and have generated an estimated \$21 billion more than a purely passive strategy. The investment management function has undergone more than 80 audits and independent reviews over the past 6 years with no major findings. The TRS trust fund earned a return of 12.9% last year and ended FY 2017 with a market value of \$147 billion. The period of time necessary to amortize the unfunded liability decreased from 33.6 years in FY 2016 to 32.2 years in

323 Teacher Retirement System

FY 2017. As of that point in time, the trust fund had an unfunded liability of \$35.5 billion and a funded ratio of 80.5%. However, since that time, TRS has conducted an experience study that necessitated assumption set changes which added approximately \$10 billion to the unfunded liability and increased the amortization period to 86 years.

The historical context of these recent assumption set changes is important. Six years ago, TRS was asked to conduct a study of different pension plan designs and report the results to the 83rd Legislature. The study concluded that defined benefit plans are generally more efficient and less expensive than other plan designs. Actuarial modeling showed that to provide the same levels of benefits, defined contribution plans are 60% to 130% more expensive than the TRS defined benefit plan. In response, the Legislature passed SB 1458 in 2013, which made modest benefit changes and increased contributions to help achieve long-term solvency. Member contributions increased incrementally from 6.4% in FY 2014 to 7.7% in FY 2017, state contributions were increased from 6.4% to 6.8%, and school districts that did not pay in to social security began contributing an additional 1.5% of employee pay. TRS has collected \$1.1 billion since FY 2015 as a result of this school district contribution.

Although SB 1458 put the TRS pension plan on a path to reach full funding by 2041, the TRS Board of Trustees and staff have a fiduciary obligation to routinely monitor the assumptions used to determine the fund's actuarial health. Since 2012, TRS has conducted two experience studies to determine if actual behavior, plan provisions, and investment returns have matched assumptions or if adjustments are necessary. These studies also examined whether certain assumptions match anticipated future experience and observable economic data.

Based on a 2015 experience study, the TRS Board of Trustees adopted new mortality assumptions reflecting increased life expectancy and added an explicit assumption for continued future mortality improvement. Most recently, the TRS board examined the assumption set beginning in January 2018. The actuary, in consultation with independent investment advisors, recommended lowering the investment return assumption from 8.0% to 7.25% due to changes in the global economic outlook. The Board adopted the lowered return assumption at its July 2018 meeting.

As a result of this vote, the expected funding period is now estimated to be 86 years at current funding levels. In order to lower the funding period to a range of 31-35 years, a 1.5% – 2.0% increase in the contribution rate (from any or all sources) would be required. Each 0.25% increase in the contribution rate equates to an additional biennial contribution of \$231 million. If the Legislature were to increase contribution rates, one option is to gradually fund the increase over a four-year period. Half of a percent increase in contribution rates beginning in the second year of the biennium would result in a funding period of around 31 years and position the fund for actuarial soundness in the near future. This increase would bring the total contribution rate from all sources to just over 17%. By comparison, the combined national average contribution rate for public pension funds that cover employees without social security is 26%.

Therefore, the funding request in this LAR assumes a continuation of the contribution rate of 6.8%, and also assumes a 3.0% annual covered payroll growth based on long term demographic trending. An exceptional item is included to increase the contribution rate to a recommended 8.62% costing an estimated \$1.68 billion in additional funding.

TRS-Care and TRS-ActiveCare

TRS-Care, the Retired Employees Group Insurance Program, currently receives state funding equal to 1.25% of active public school employee payroll per year. Our request includes funding for the 1.25% contribution and assumes covered payroll growth of 3.0%. Additionally, TRS is requesting an exceptional item in the amount of \$409.8

Automated Budget and Evaluation System of Texas (ABEST)

323 Teacher Retirement System

million to provide for fiscal solvency through the end of FY 2021 based on revenue estimates and cost trends as of March 2018.

Before the last legislative session, we concluded that without design plan changes and additional funding, the program would become unsustainable. The Legislature responded by instituting changes via HB 3976. Among them were a single, high deductible plan for non-Medicare participants, a Medicare Advantage and Part D plan for Medicare participants, no-cost coverage for certain generic preventive drugs, and \$695.9 million in additional funding from state and district contributions; \$394.6 million of which was one-time funding.

In spite of implementing a new Medicare Advantage program that resulted in substantial cost savings, enhancing our data analytics capabilities to support cost management and resource maximization, and with the plan design changes, the current structure of TRS-Care is still not sustainable. We currently project that an additional \$400-600 million in funding, over the current base request, is needed to maintain the same level of benefits and premiums during the FY 2020-21 biennium. We will monitor the funding status as additional revenue and cost data becomes available.

TRS is also responsible for the administration of TRS-ActiveCare, but does not request funding for this activity through the LAR. TRS does not receive direct appropriations for ActiveCare. State funding is provided through the Foundation School Program to the school districts who in turn pay premiums to TRS. The issues surrounding ActiveCare revolve around affordability due to the fact that statutory contributions from the state and school districts have not changed since 2002. As a result, the employee share of ActiveCare premiums paid has risen 238% since the plan inception, assuming the \$75 state contribution and \$150 minimum district contribution per employee per month. While it is important to note that some districts opt to pay in more than the minimum contribution per employee, the statutory minimum has not changed.

Administrative Operations

To adequately serve members and to prudently manage pension fund assets, TRS requests funding for Administrative Operations of \$139.9 million for fiscal year 2020 and \$143.6 million for fiscal year 2021. This request includes an additional 48 positions we believe are necessary to effectively serve members' needs, keep pace with growing plan complexity, and pursue appropriate, risk-adjusted investments.

The past 12 months have seen a host of extraordinary member service and communication challenges. Call volume has increased more than 35% as we anticipate receiving over 700,000 calls during FY 2018. E-mail traffic has increased more than 50%. The average hold time has grown to over 23 minutes while the average time it takes to service a call has grown from 10 to 30 minutes. And the percentage of calls answered in three minutes has dipped below 25% compared to an expectation of 80%.

TRS is spending an additional \$3 million of agency funds to address these issues and has added 43 positions in the current biennium that will become a part of the base. The resources requested in this document will allow us to address our current and future customer service challenges.

Future administrative needs are driven substantially by the growing complexity of member service requirements and the growth in membership. Changes to the retirement plan over the past decade have added five additional tiers of membership and the biggest changes to employer reporting in a generation leading to a need for increased data systems security and additional accountability. Meanwhile, membership growth of 60% since the year 2000 has eclipsed member services staffing growth of 11% over the same period. 25 of the additional positions requested will address these issues.

Administrator's Statement

86th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

323 Teacher Retirement System

The resources requested will also allow TRS to become a best-in-class investment management fund and potentially reduce external manager fees by \$1 billion or more over the next five years. The demand for private market investments from pension and sovereign wealth funds has dramatically increased. As a result, high quality and appropriately risk-adjusted investments are becoming harder to find in scale for the portfolio. Over the past five years, in order to maintain our competitive advantage, we have implemented a risk parity approach, launched a co-investment platform and pursued alternative investments including direct investing.

However, economies of scale are not infinite. Deploying additional capital in the future will take additional resources. As a result, our investments focused headcount will need to increase. Doing so will allow us to reduce external management fees while preserving risk appropriate returns and will allow TRS to sustainably increase the likelihood of meeting actuarial assumptions. Twenty-three of the additional positions requested will address these issues.

TRS has been named one of the top places to work in Austin by the Austin American Statesman six times in the past seven years. While this has allowed us to attract quality employees, a burgeoning Austin job market will hamper our ability to retain in-demand employees. The investment management division alone has lost 40 people in the past 3 years who on average had 13 years of experience. To assist in this effort, TRS has continued to focus on fostering its culture including the TRS core values along with a refocused effort on employee development.

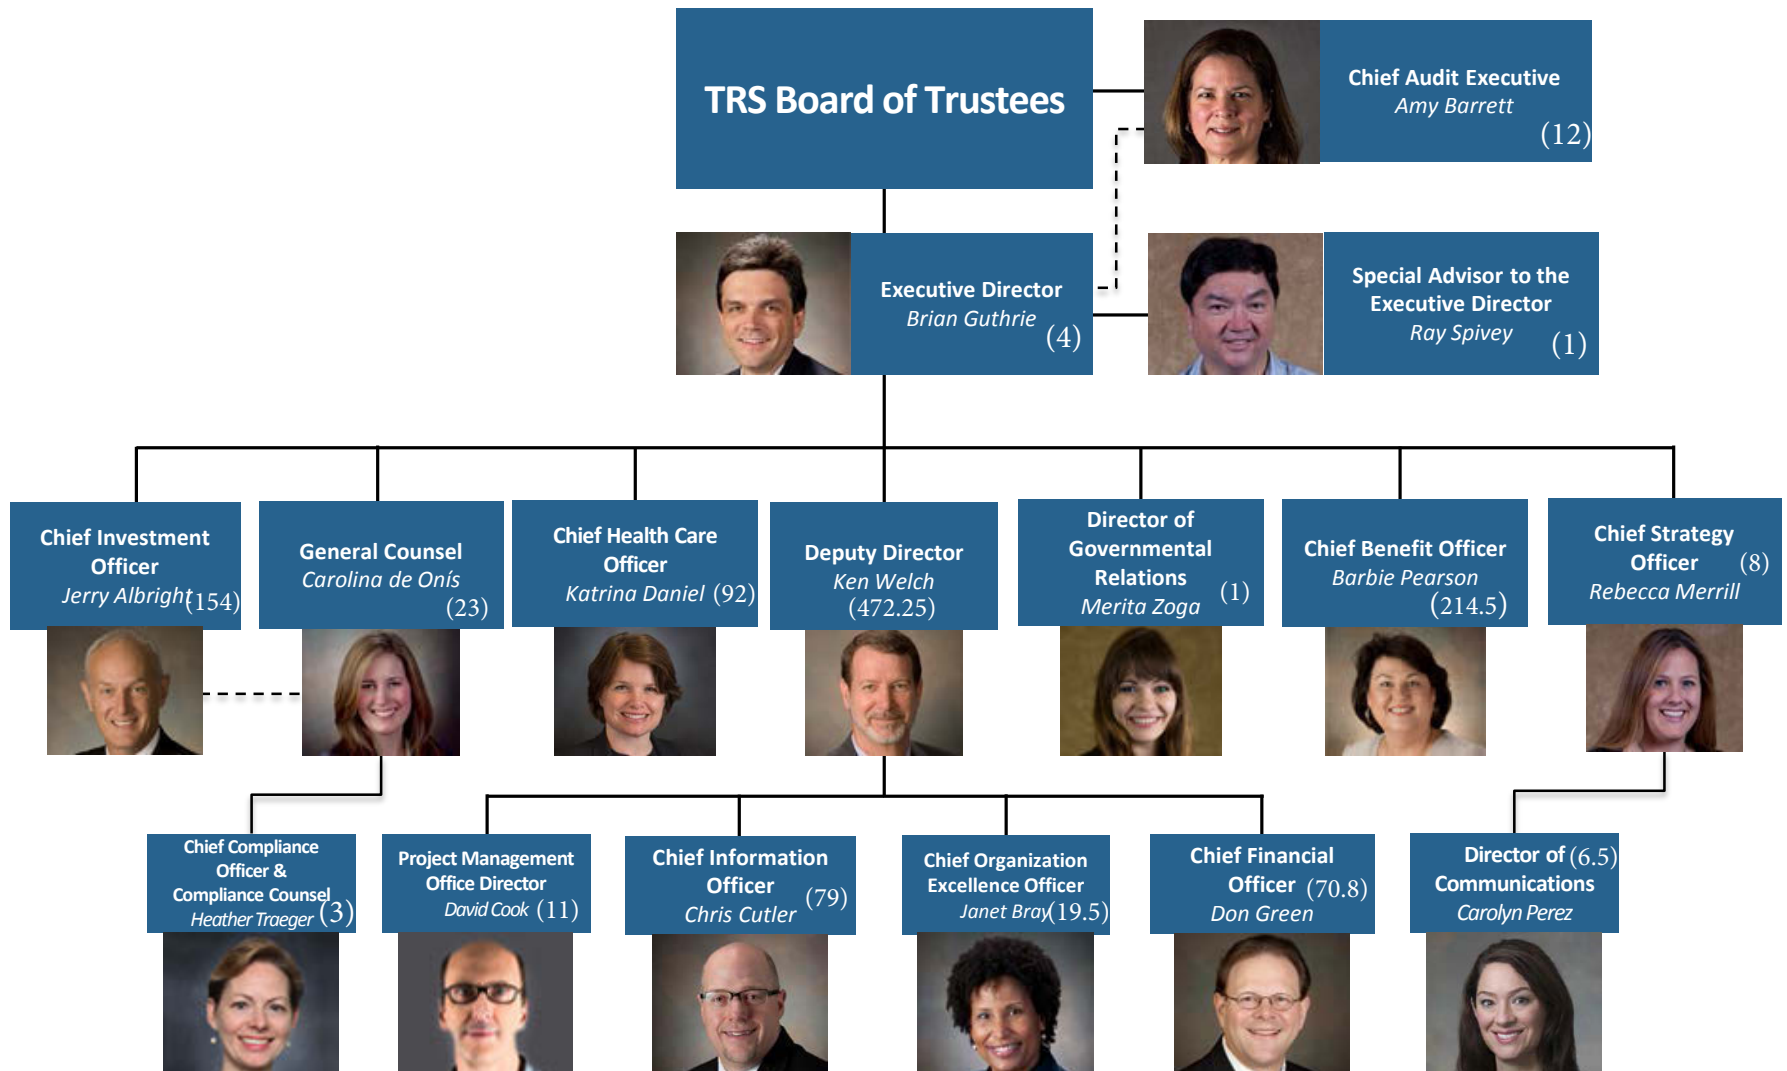

Improving the member experience and continuing to strengthen the TRS trust fund are primary components TRS' strategic goals. This request represents our anticipated needs as we work towards those goals. Your consideration of these funding requests on behalf of the members of the Teacher Retirement System is greatly appreciated.

Sincerely,

Brian K. Guthrie
Executive Director

OBJECTIVE: 1 Sound Retirement System Service Categories:

STRATEGY: 1 Retirement Contributions for Public Education Employees. Estimated. Service: 06 Income: A.2 Age: B.2

CODE	DESCRIPTION	Exp 2017	Est 2018	Bud 2019	BL 2020	BL 2021
------	-------------	----------	----------	----------	---------	---------

Article 16, Section 67 of the Texas Constitution provides that the financing of benefits to the Teacher Retirement System must be based on sound actuarial principles. Section 821.006 of Title 8, Texas Government Code prohibits a reduction in member or state contributions to the retirement system or any change in benefits if, as a result of the particular action, the time required to amortize the unfunded actuarial accrued liabilities of the retirement system, as determined by an actuarial valuation, would be increased to a period that equals or exceeds 31 years. This strategy continues the agency's efforts to maintain an actuarially sound retirement system by providing funding for promised benefits and investing for future benefits. This strategy contributes to the agency's objective to manage an actuarially sound retirement system that maintains an amortization period of less than 31 years and generates a 20-year average investment return equal to or exceeding the board approved actuarial rate of return.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Total membership in TRS is approximately 1.5 million members and is expected to increase by approximately 6% during the 2020-21 biennium. Active membership in Public Education has recently been experiencing faster growth which is expected to continue over the 2020-21 biennium. Based on current trends, we are assuming covered payroll growth in Public Education of 3% for FY 2019 as well as for 2020 and 2021.

STRATEGY DESCRIPTION AND JUSTIFICATION:

Section 825.312 of the Texas Government Code provides that the retirement system shall pay from the expense account of the retirement system account for the pension trust fund all administrative expenses of the retirement system. The method of finance established in the General Appropriations Act, Senate Bill 1, 85th Legislature, Regular Session provides funding for administrative operations primarily from the Pension Trust Fund. Section 825.313(d) provides that the board of trustees may authorize transferring from the interest account to the expense account of the retirement system an amount necessary to cover TRS' operating expenses for the fiscal year that are required to perform the fiduciary duties of the board.

CODE	DESCRIPTION	Exp 2017	Est 2018	Bud 2019	BL 2020	BL 2021
------	-------------	----------	----------	----------	---------	---------

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Administrative needs are driven substantially by growth in membership and the prudent management of the investment portfolio. Increased complexity of investment management and benefit services contributes to needs expressed in the LAR.

TRS is continuing efforts in the replacement of its legacy systems for benefits administration and accounting. The multi-year \$100+ million initiative will update business processes and core technologies used to deliver benefits and services to members and annuitants.

Total membership is approximately 1.5 million members and is expected to increase by approximately 6% during the 2020-21 Biennium. The amounts requested for investment management translate to an estimated cost of 17 basis points per dollar invested for fiscal year 2020 and 17 basis points per dollar invested for fiscal year 2021. A basis point is one one-hundredth of one percent, or 0.01 percent. The cost for benefit administration is estimated to be \$ 31 for fiscal year 2020 and \$ 32 for fiscal year 2021. Benefit administration costs continue to be one of the lowest of any major state public pension fund.

STRATEGY DESCRIPTION AND JUSTIFICATION:

Chapter 1575 of the Texas Insurance Code designates the Teacher Retirement System as trustee to administer the Texas Public School Employees Group Insurance Program (TRS-Care). The program is established to provide health care services for both retired public school employees and their eligible dependents. This strategy continues the agency's efforts to provide group healthcare benefits to retired public school employees by monitoring the performance of contract benefit providers , communicating healthcare plan features to retired public school employees, and resolving benefit disputes. Funds requested for this strategy relate only to the retiree healthcare program.

323 Teacher Retirement System

<i>The proposed revisions to the rider reflect the 2020-21 Capital Budget Request. An explanation of the requested item and impact on agency operations is included in the Capital Budget Supporting Schedules.</i>						

3.B. Rider Revisions and Additions Request

3.	III – 36	<p>Updated Actuarial Valuation. The Teacher Retirement System shall contract with an actuary to perform a limited actuarial valuation of the assets and liabilities of the Teacher Retirement System as of February 28 in those years when the Legislature meets in regular session. The purpose of the valuation shall be to determine the effect of investment, salary, and payroll experience on the unfunded liability, the amortization period, and the state contribution rate which results in a 30-year amortization period of the retirement system.</p>
4.	III – 36	<p>State Contribution to Teacher Retirement Program. The amounts specified above in Strategy A.1.1, TRS-Public Education Retirement, \$1,741,633,557 <u>\$1,818,476,190</u> in fiscal year 2018 <u>20</u> and \$1,802,590,732 <u>\$1,873,030,476</u> in fiscal year 2019 <u>21</u>, and A.1.2, TRS-Higher Education Retirement, \$211,736,248 <u>\$258,000,932</u> in fiscal year 2018 <u>20</u> and \$218,137,034 <u>\$268,793,961</u> in fiscal year 2019 <u>21</u> are based on a state contribution of 6.8 percent of payroll in each year of the 2018-19 <u>20-21</u> biennium, estimated.</p> <p><i>The rider has been revised to reflect fiscal years 2020 and 2021 projected state matching contributions.</i></p>
5.	III – 36	<p>State Contribution to Texas Public School Retired Employees Group Insurance Program. The amounts specified above in Strategy A.2.1, Retiree Health-Statutory Funds, \$795,729,797 <u>\$411,803,780</u> in fiscal year 2018 <u>20</u> and \$413,867,839 <u>\$424,157,893</u> in fiscal year 2019 <u>21</u> are based on a state contribution of 1.25 percent of payroll for each fiscal year, estimated.</p> <p>The retirement system shall notify the Legislative Budget Board, the Governor, and its membership prior to establishing premiums, regarding the impact such premiums will have on retiree costs for TRS-Care insurance.</p> <p>It is the intent of the Legislature that the Teacher Retirement System control the cost of the retiree insurance program by not providing rate increases to health care providers and pharmacy providers during the 2018-19 <u>20-21</u> biennium without providing 60 days notice to the Legislative Budget Board.</p> <p><i>The rider has been revised to reflect fiscal years 2020 and 2021 projected state matching contributions.</i></p>
6.	III – 36	<p>Excess Benefit Arrangement Account. There is hereby appropriated to the Teacher Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue Fund for the purpose of paying benefits as authorized by Government Code § 825.517.</p>

3.B. Rider Revisions and Additions Request

7.	III – 36	Transfer of Other Educational and General Income. The Comptroller of Public Accounts is hereby authorized to transfer the necessary appropriations made above in A.1.2, TRS-Higher Education Retirement from Other Educational and General Income to institutions of higher education to meet their obligations and comply with the proportionality policy as expressed in the Article IX provision entitled Benefits Paid Proportional by Method of Finance.
8.	III – 36	Exempt Positions. Notwithstanding the limitations contained in the Article IX provision entitled Scheduled Exempt Positions, the TRS Board of Trustees may determine the salaries of the positions listed above in the Schedule of Exempt Positions without limitation.
9.	III – 36	Annual School District Contribution Rate to TRS-Care. The annual contribution rate for school districts for fiscal years 2018 <u>20</u> and 2019 <u>21</u> shall be 0.75 percent of total payroll. <i>The rider has been revised to reflect fiscal years 2020 and 2021.</i>
10.	III – 36	Full-Time Equivalent Positions Intern Exemption. The number of Full-Time Equivalent (FTE) positions held by undergraduate and graduate students in the Intern Program of the Teacher Retirement System (TRS) shall be exempt from Article IX, Sec. 6.10. Limitation on State Employment Levels. This provision will not change the cap on the Number of Full-Time Equivalents (FTE) for TRS listed elsewhere in this Act. TRS shall provide to the Legislative Budget Board, the Governor, the Comptroller of Public Accounts, and the State Auditor's Office a report of the number of FTEs associated with the Intern Program each fiscal year.
11.	III – 36	Limitation on Funds Appropriated to the Teacher Retirement System (TRS). It is the intent of the Legislature that none of the funds appropriated by this Act or from Teacher Retirement System Trust Fund Account No. 960 may be used for the purpose of hiring an external communications consultant.

3.B. Rider Revisions and Additions Request

12.	III – 37	<p>Limitation on Retirement Contributions to Public Community/Junior Colleges. The limitation on General Revenue related funds appropriated above in Strategy A.1.2, TRS – Higher Education Retirement, for retirement contributions for Public Community/Junior Colleges are limited to 50 percent of the state contribution of 6.8 percent in fiscal year 2018 <u>20</u> and 6.8 percent in fiscal year 2019 <u>21</u> of the total covered payroll for Public Community and Junior Colleges, in accordance with Government Code Section 825.4071.</p> <p><i>The rider has been revised to reflect fiscal years 2020 and 2021.</i></p>
13.	III – 37	<p>Performance <u>Pay Plan Incentive Compensation</u> Payments. The Teacher Retirement System Board of Trustees may make performance <u>pay plan incentive compensation</u> payments to the staff of TRS the Investment Management Division based on investment performance standards adopted by the Board prior to the beginning of the period for which any additional compensation is paid. Such amounts as may be necessary to make performance incentive payments under the plan approved by the Board are hereby appropriated from the Teacher Retirement System Pension Trust Fund Account Fund No. 960.</p> <p>The Teacher Retirement System Board of Trustees shall notify the Legislative Budget Board and the Governor at least 45 days prior to the execution of any performance incentive payments based on the Retirement Trust Fund's investment performance <u>approved standards</u>. Funds shall be appropriated pursuant to this rider for performance incentive payments only in a fiscal year following a year in which the Retirement Trust Fund experiences a positive return.</p> <p><i>The rider has been revised to reflect changes in the TRS Board Policy related to performance pay.</i></p>
14.	III – 37	<p>Settle-Up Dollars Directed to TRS-Care. Any settle-up payments made in the fiscal year ending August 31, 2019, from the Teacher Retirement System of Texas pension fund or from the TRSCare program are appropriated to the TRS-Care program. Settle-up funds are all estimated General Revenue appropriations for fiscal year 2018 in excess of the state's actual statutory obligations for retirement and retiree insurance contributions, and those funds are re-appropriated to Retiree Health-Statutory Funds, for deposit to the Texas Public School Retired Employees Group Insurance Trust Fund.</p> <p><i>The rider has been revised to allow for the transfer regardless of which fiscal year in which the overpayment occurs.</i></p>

3.B. Rider Revisions and Additions Request

15.	III – 37	<p>Enterprise Application Modernization FTE Exemption. Funds appropriated in the capital budget for the TRS Enterprise Application Modernization (TEAM) initiative may be expended for salaries and wages of Full Time Equivalents (FTEs) and contract workers assigned to the TEAM initiative. Notwithstanding the limitations of Article IX, Sec. 6.10 Limitation on State Employment Levels, for the Teacher Retirement System, it is the intent of the Legislature that the calculation of the number of FTEs and contract workers assigned to the TEAM initiative for reporting purposes be exempt from the calculation. It is the intent of the Legislature that once the TEAM initiative is implemented, the Article IX, Sec. 6.10 limitation will apply to all agency FTE employees and contract workers (estimated to be in fiscal year 2018).</p> <p><i>This rider is no longer applicable.</i></p>
16.	III – 37	<p>Appropriation Transfers between Fiscal Years for TRS-Care. In addition to the transfer authority provided elsewhere in this Act and in order to provide for benefits through the Texas Public School Retired Employees Group Benefits Program (TRS-Care), the Teacher Retirement System is authorized to transfer General Revenue funds appropriated to Strategy A.2.1, Retiree Health - Statutory Funds, in fiscal year 2019 <u>21</u> to fiscal year 2018 <u>20</u> and such funds are appropriated for fiscal year 2018 <u>20</u>. Such transfers may only be made subject to the following.</p> <ul style="list-style-type: none"> a. Transfers under this section may be requested only upon a finding by the TRS Board of Trustees that the fiscal year 2018 <u>20</u> costs associated with providing retiree health benefits will exceed the funds appropriated for these services for fiscal year 2018 <u>20</u>. b. A transfer is not authorized by this section unless it receives the prior written approval of the Governor and the Legislative Budget Board. c. The Comptroller of Public Accounts shall cooperate as necessary to assist the completion of a transfer and spending made under this section. <p><i>The rider has been revised to reflect fiscal years 2020 and 2021.</i></p>

3.B. Rider Revisions and Additions Request

17.	III – 37	Contingent Appropriation of Pension Trust Funds for GASB Statement Implementation. Upon a finding of fact by the Teacher Retirement System Board of Trustees that additional resources are necessary to implement accounting guidelines related to Governmental Accounting Standards Board statements and pronouncements, the Teacher Retirement System is appropriated such additional funds as approved by the Board from the Teacher Retirement System Pension Trust Fund Account No. 960 to communicate such guidelines to affected members and employers, and to acquire additional audit and actuarial services as needed for implementation.
18.	III – 38	TRS-Care Shortfall. It is the intent of the Legislature that resolving the long-term solvency of TRS-Care be a shared fiscal responsibility between the state, school districts, employees, and retirees.
19.	III – 38	<p>Contingency for House Bill 3976 — Appropriation to TRS-Care. 2 Amounts appropriated above in Strategy A.2.1., Retiree Health — Statutory Funds include \$376,200,000 in General Revenue for the 2018-19 biennium, contingent on enactment of House Bill 3976, or similar legislation relating to TRS Retiree Health, which increases the state contribution rate to TRS-Care from 1.0 percent to 1.25 percent of active employee payroll, by the Eighty-fifth Legislature, Regular Session. Should House Bill 3976, or similar legislation, fail to be enacted, funds appropriated above in Strategy A.2.1., Retiree Health — Statutory Funds, will be reduced by \$376,200,000 in the 2018-19 biennium.</p> <p>Also contingent on enactment of House Bill 3976, or similar legislation relating to TRS Retiree Health, by the Eighty-fifth Legislature, Regular Session, the state contribution rate specified in Rider 5, State Contribution to Texas Public School Retired Employees Group Insurance Program, shall be increased from 1.0 percent to 1.25 percent of active employee payroll, and the annual contribution rate for school districts in fiscal years 2018 and 2019, as specified in Rider 9, Annual School District Contribution Rate to TRS-Care, shall be increased from 0.55 percent to 0.75 percent of active employee payroll.</p> <p><i>This rider is no longer applicable.</i></p>

3.B. Rider Revisions and Additions Request

20.	III – 38	<p>TRS-Care Health Care Cost Containment Initiatives. Reflected in General Revenue appropriations made above in Strategy A.2.1., Retiree Health — Statutory Funds, is a reduction of \$26,200,000 in the 2018-19 biennium for savings resulting from the following cost containment initiatives: (1) ensuring full enrollment of all eligible TRS-Care members into the Social Security Disability and Medicare Programs, for an estimated savings of \$24,000,000; and (2) implementation of value-based payment strategies, for an estimated savings of \$2,200,000.</p> <p><i>This rider is no longer applicable.</i></p>
21.	III – 38	<p>Medicare Enrollment for Eligible Members of TRS-Care. Out of funds appropriated above, TRS shall identify members of TRS-Care who are eligible for Social Security Disability or Medicare benefits, and provide information and assistance necessary for eligible members to enroll in the programs to help ensure the solvency of the TRS-Care fund.</p>
<u>22.</u>	<u>III –</u>	<p><u>Enterprise Application Modernization FTE Inclusion in Limitation. Full-Time Equivalents (FTEs) and contract workers previously assigned to the TRS Enterprise Application Modernization (TEAM) Initiative are hereby included in the limitations of Article IX, Sec 6.10 Limitation on State Employment Levels. It is the intent of the Legislature that the Number of Full-Time Equivalents listed above would be adjusted to include any FTEs previously paid for by funding appropriated in the capital budget for TEAM.</u></p> <p><i>This rider would allow for the inclusion of previously exempted FTEs in the Art IX, Sec 6.10 limitation. This exemption has applied to FTEs funded in the capital budget for the TRS Enterprise Application Modernization (TEAM) initiative.</i></p>

DESCRIPTION / JUSTIFICATION:

Revenues are expected to increase slightly while medical costs are expected to grow faster than revenue. Taking this into account, additional funding is needed to provide for a deficit that could occur as early as FY2020. The cost drivers include a projected 6.75% growth in medical claims and projected 11.5% growth in prescription drug costs.

EXTERNAL/INTERNAL FACTORS:

Claims costs and participation rates.

	TOTAL, METHOD OF FINANCING		\$828,861,978	\$853,169,400

DESCRIPTION / JUSTIFICATION:

TRS examined the assumption set used to determine the actuarial value of the pension trust fund. The actuary, in consultation with independent investment advisors, recommended lowering the investment return and the TRS Board of Trustees adopted a return assumption of 7.25% in July 2018.

As a result, the expected funding period is estimated to be 86 years at current funding levels. A 1.5% -2.0% increase in the contribution rate would be required to lower the funding period to a range of 31-35 years. Each 0.25% increase in the contribution rate equates to an additional biennial contribution of \$231 million.

If the Legislature were to increase contribution rates, one option is to gradually fund the increase over a four-year period. Half of a percent increase in contribution rates beginning in the second year of the biennium would result in a funding period of around 31 years and position the fund for actuarial soundness in the near future. This increase would bring the total contribution rate from all sources to just over 17%. Based on national survey data, the combined average employee plus employer contribution rate for public pension funds that cover employees without social security is 26%.

EXTERNAL/INTERNAL FACTORS:

The number of annuitants will increase at a faster rate than the number of active members. The TRS Board of Trustees lowered the investment return assumption to 7.25% due to changes in the global economic outlook at expected market conditions.

Agency Code:	323	Agency name:	Teacher Retirement System
Category Number:	5005	Category Name:	ACQUISITN INFO RES TECH.
Project number:	1	Project Name:	TEAM Program FY18/19

PROJECT DESCRIPTION

General Information

The TRS Enterprise Application Modernization (TEAM) Program is a cohesive collection of components designed to meet the business and technology objectives of TRS over the next 10-20 years. The TEAM Program focuses on addressing the changing expectations of a growing membership, providing for the collection and maintenance of accurate and reliable data, expanding the number of automated processes, and incorporating modern technologies. The TEAM Program will re-engineer business processes, revise policies, and provide new ways of working together. The TEAM Program will also deliver tools and techniques that will position TRS to have flexibility in updating our systems in response to growing member demands and future technological and regulatory changes.

This initiative supports the agency's objective to implement modern pension and benefit information systems that allow TRS staff to serve our members and deliver accurate benefits effectively and timely by improving external communications and service delivery, streamlining internal work processes for greater efficiency, modernizing the technical environment to ensure proper support and needed tools, and staffing technical positions to ensure the proper skill sets are in place for the future. It also supports replacing the legacy financial and human resources information systems and manual processes with a commercial off-the-shelf package.

The associated projects under the TEAM Program umbrella are:

1. Data Management Project
2. Financial System Replacement Upgrade
3. Independent Program Assessment
4. Pension Administration Line of Business (LOB) Solution

Agency Code:	323	Agency name:	Teacher Retirement System
Category Number:	5005	Category Name:	ACQUISITN INFO RES TECH.
Project number:	2	Project Name:	Telephone Counseling Upg FY18/19

PROJECT DESCRIPTION

General Information

The TRS Telephone Counseling Center (TCC) serves as the contact center for TRS member interaction with multiple agency departments. This project will upgrade the TCC's technology used to support the TRS member experience. These upgrades would include the ability for members to call, email, or chat with call center staff for benefit issues and questions. There are multiple sub-projects that would be required to provide the infrastructure necessary to support TCC improvements including the evaluation of cloud-based contact center infrastructure and upgrades to existing telephone devices. The TRS phone system would be modernized by replacing the current TDM (digital) phone system with a Voice over IP (VOIP) system. The current phone system has several limitations, especially related to disaster recovery and remote access. The phone system modernization would include improvements to both quality monitoring and workforce optimization and management.

Project number:	4	Project Name:	Data Center Upgrade

PROJECT DESCRIPTION

General Information

This project supports upgrading and expanding the Data Center infrastructure and peripherals to reduce capacity constraints and issues with compatibility and obsolescence. This project will provide a strategy for enterprise storage and backup modernization including replacing and upgrading aging equipment and technology. This project will include replacement of legacy storage systems utilizing cloud-based alternatives as appropriate. This project will provide for adequate and ongoing improvements of the agency Disaster Recovery strategy.

Agency Code:	323	Agency name:	Teacher Retirement System
Category Number:	5005	Category Name:	ACQUISITN INFO RES TECH.
Project number:	5	Project Name:	Network Infrastructure

PROJECT DESCRIPTION

General Information

The Network Infrastructure Upgrade project provides the development, design, implementation and maintenance of the IT infrastructure as relates to premise-based and cloud-based infrastructure application and security requirements. This project includes upgrading the existing virtual server environment for investment and benefit applications; expanding and improving enterprise messaging and collaboration tools; enhancing information security infrastructure access and incident monitoring capability; updating the core networking for both the switched infrastructure and the virtualized server environment. This update would introduce Software Defined Networking (SDN) and Identity and Access Management (IAM). SDN would allow each networked device (virtual or physical) to have its own security protections and assist with Disaster Recovery services. IAM will provide a path to modernizing TRS user provisioning and system access processes.

Agency Code:	323	Agency name:	Teacher Retirement System
Category Number:	5005	Category Name:	ACQUISITN INFO RES TECH.
Project number:	6	Project Name:	PC Workstation Refresh

PROJECT DESCRIPTION

General Information

This project is an ongoing project focused on upgrading outdated hardware technology. TRS has a Desktop Technology Refresh policy that sets standards for replacing PC and laptop computer systems every two to four years depending on its placement and use requirements. As these workstations and laptops are replaced, the older hardware is surplus or redeployed into less resource intensive areas throughout the agency. During this refresh cycle, the expansion of Virtual Desktop Infrastructure (VDI), workstation-class desktops, and Ultrabook laptops are being implemented. This effort supports increased functionality, performance and reliability of the desktop computing environment. Technology upgrades support the agency's strategic plan in its investment responsibilities and in the timely delivery of benefit services to our membership.

Project number:	7	Project Name:	Investment System Modernization

PROJECT DESCRIPTION

General Information

The TRS Investment Management Division requires a system to provide timely and reliable financial and historical investment information as well as provide daily data and information to investment managers and external analytical systems used by them. This project provides the technology and technical infrastructure to support the Investment Management Division's ability to achieve the TRS trust fund's actuarial rate of return strategy. This project includes enhanced Trading workflow, Data Warehouse and Business Intelligence capability, as well as the Security Infrastructure to ensure that our data is safe.

Automated Budget and Evaluation System of Texas (ABEST)

DATE: 8/9/2018
TIME: 10:09:05AM

Agency Code:	323	Agency name:	Teacher Retirement System
Category Number:	5005	Category Name:	ACQUISITN INFO RES TECH.
Project number:	8	Project Name:	Pension Legislation

PROJECT DESCRIPTION

General Information

This project is strategic and has not been specifically defined. TRS must be prepared to implement any legislative changes that affect the benefits available to our members. This project anticipates those changes and supports the agency's mission and strategic plan to provide timely delivery of retirement and related benefits to TRS membership and beneficiaries.

Agency Code:	323	Agency name:	Teacher Retirement System
Category Number:	8000	Category Name:	CAPPS Statewide ERP System
Project number:	9	Project Name:	CAPPS ERP Project FY18/19

PROJECT DESCRIPTION

General Information

The Centralized Accounting and Payroll/Personnel System of CAPPS is the official name of the statewide Enterprise Resource Planning (ERP) system created by the ProjectONE team. CAPPS provides a single financials and human resource (HR)/payroll administration software solution for Texas state agencies. CAPPS allows aging and inefficient legacy systems to be replaced with an easy-to-use, easy-to-update system that can be scaled to meet the needs of any agency regardless of complexity and size. Reporting is easier and more accurate with CAPPS. Agency functions are recorded in a common data language on an interconnected system that allows financial and HR/payroll departments to exchange information quickly, safely and reliably.

Agency Code:	323	Agency name:	Teacher Retirement System
Category Number:	5003	Category Name:	REPAIR OR REHABILITATION
Project number:	10	Project Name:	Security Renovations

PROJECT DESCRIPTION

General Information

TRS must be prepared to replace aging security equipment due to useful life issues which are resulting in equipment failure. This project anticipates useful life issues and supports the agency's overall mission ensuring a safe and secure environment at TRS. The TRS Security Division is responsible for safety and security at TRS and requires surveillance and access managements systems to assist in this responsibility. This system is comprised of cameras and badge access readers located throughout TRS. The objective of this project is to maintain the technological infrastructure that supports the Security Division's ability to ensure continued safety and security at TRS. This project is strategic and will be ongoing.

	Total Expenditures		14.0%		\$3,963,421	\$28,363,832		17.7%		\$5,446,141	\$30,854,508	

B. Assessment of Fiscal Year 2016 - 2017 Efforts to Meet HUB Procurement Goals

Attainment:

The agency made meaningful increases in all the HUB categories from FY16 to FY17. In addition, in FY17, TRS exceeded the goals in Special Trade with an approximate 36% increase and in Other Services with an approximate 2.8% increase. This increase is even more notable due to the fact that not only did TRS increase HUB utilization, but also increased their overall spending.

Applicability:

The "Heavy Construction" and "Building Construction" categories are not applicable to agency operations in either FY 2016 or FY 2017.

Factors Affecting Attainment:

TRS made a significant improvement in utilizing HUB vendors in FY 2017 with a percentage of 17.70%, which is up from 14% in FY16. TRS' overall HUB utilization performance is higher at 17.70% than the overall State of Texas performance of 11.97%.

TRS recognizes the importance of the HUB program and develops initiatives to promote and increase HUB opportunities. TRS is committed to achieving established goals and making a good faith effort in all areas.

"Good-Faith" Efforts:

TRS is committed to achieving HUB goals and continues to make a good faith effort in all areas. Annual status reports of the HUB Program are made to the TRS Board of Trustees and HUB goals are included in the Strategic Plan. TRS has established the Emerging Managers Program to facilitate investments with qualified emerging managers (including minority-, woman- and disabled veteran-owned organizations). TRS continues to host an annual HUB forum and attends economic forums locally and across the state. The TRS HUB Coordinator assists HUB vendors with certification and is a resource for HUBs trying to earn business opportunities with TRS as well as other state agencies.

6.F.a. Advisory Committee Supporting Schedule ~ Part A

86th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

Date: 8/9/2018
Time: 10:09:08AM

Agency Code: **323** Agency: **Teacher Retirement System**

Description and Justification for Continuation/Consequences of Abolishing

Section 824.301 of the Texas Government Code contains a provision for disability retirement benefits. Members who apply for disability retirement must file with the Board of Trustees the results of a medical examination of the member. Based on medical information submitted by the member, the Medical Board rules on the application for disability retirement. The Medical Board, authorized under section 825.204 of the Texas Government Code and comprised of three physicians, receives information throughout the year on applications for disability retirement and may request additional medical information on specific cases. The Medical Board meets with staff on a bi-monthly basis to review disability retirement applications. TRS Law requires that members of the Medical Board be physicians licensed to practice medicine in this state and be of good standing in the medical profession. Their expertise is invaluable to the integrity of the disability retirement process. Abolishing the Medical Board would result in the staff and/or Board of Trustees having to rule on disability applications without benefit of the medical expertise provided by this board. This very likely would result in increased appeals of decisions made by laypersons with ultimate increased costs and risk to the system.

6.H. Estimated Total of All Agency Funds Outside of the GAA Bill Pattern

Teacher Retirement System of Texas (323)

ESTIMATED GRAND TOTAL OF AGENCY FUNDS OUTSIDE THE 2020-21 GAA BILL PATTERN	\$ 206,845,311,585
---	---------------------------

Pension Trust Fund -960

Beginning Balance in FY 2018	\$ 147,361,922,120
Estimated Revenues FY 2018	16,583,953,938
Estimated Revenues FY 2019	17,373,773,376

FY 2018-19 Total	\$ 181,319,649,434
-------------------------	---------------------------

Estimated Beginning Balance in FY 2020	\$ 158,975,806,646
Estimated Revenues FY 2020	18,204,727,456
Estimated Revenues FY 2021	19,079,231,945

FY 2020-21 Total	\$ 196,259,766,048
-------------------------	---------------------------

Constitutional or Statutory Creation and Use of Fund:

Constitutional Provision is Article XVI, Section 67 for the creation of TRS. The Texas Government Code, Title 8, Sections 825.403 through 825.411 for contributions.
