A Growing State Leads to Larger Headquarters

When the **Red River headquarters** was fully established in 1987, TRS employees totaled 274 and membership was approximately 472,000. Only 34 years later, in 2021, TRS facilities served **1.7 million members** and housed over 1,000 employees and contractors. We were rapidly outgrowing our space.

In May 2023, the TRS staff began moving to the ninth TRS headquarters in the **Mueller Business District**, site of the Robert Mueller Municipal Airport (1936-1999). The space is projected to serve the needs of our growing membership for many years to come.
